As a parent, We want the best for our kids. We want to do everything Possible to set them up for success.

We at Lucid Wealth Capital have spoken with many parents and grandparents who have one simple question: How can I invest in my child or grandchild's future? Knowing the power of compound interest, some couple wrote us that they wanted to kick-start their son's retirement savings. Others just want to help their kids get a college diploma without taking on any debt.

Those are great concerns to have, so give yourself a high five! Whether "Junior" is still crawling around the living room floor or getting ready to graduate from high school, we got you covered, you can secure and invest in their future. The Lucid Wealth Capital Children's Account is a unique investments account designed to allow parents invest then save for their children's future and teach them about savings/investments from a tender age. The account is modeled in two tiers for young children and teens with an overarching objective of making savings fun for them and teaching them financial discipline.

- Residence permit (where applicable)

# CHARITY

---

Our work would not be possible without you: global citizens who want to make positive, lasting change in children's lives. We are grateful to each and every one of you.

We partner with corporations, foundations, individual philanthropists, school groups, and more, connecting our donors to communities and children who would otherwise be overlooked. Whether you're an executive looking to boost your company's social responsibility efforts, or a grandmother wanting to make a special gift in a child's honor; we're here to help you make a difference in the world. On behalf of the millions of children that'll be impacted by your generosity – thank you.

We partner to build a world where all children and youth enjoy equal resources and opportunities in society and live free from violence, discrimination, and exploitation. To that end, Lucid Wealth Capital invests in innovative local organizations, helping them deepen their impact and build their capacity for social change. Together Lucid Wealth Capital and its partners advance the rights of children and youth facing poverty and injustice and equip them with the tools and skills to reach their full potential.

This one belief guides us in everything we do at Lucid Wealth Capital. It inspires us to grant life-changing wishes for children going through so much. It compels us to be creative in exceeding the expectations of every kid. It drives us to make our donated resources go as far as possible. Most of all, it's the founding principle of our vision to grant the wish of every eligible child, Wishes are more than just a nice thing.

And they are far more than gifts, or singular events in time. Your donations impact everyone involved- kids, volunteers, donors, sponsors, medical professionals and communities. For kids, just the act of making their wish and dreams come true can give them the courage to comply with their medical treatments. Parents might finally feel like they can be optimistic. And still others might realize all they have to offer the world through volunteer work or philanthropy.

Kids need hope more than ever because many of their dreams and wishes have been delayed, they're having to wait even longer. But you can help! Making a donation can grant even more waiting wishes as soon as we're able. Join our Messages of Hope movement to provide hope and encouragement to kids during this difficult time. For children diagnosed with critical illnesses, a wish come true can be a crucial turning point in their lives. A wish can be that spark that helps these children believe that anything is possible and gives them the strength to fight harder against their illnesses. This impact is why we are driven to make every one of these wishes come true.

Many children and young people who have experienced domestic abuse do not get the support they need. How we help children and young people growing up is full of challenges but with a united effort we offer guidance, practical and emotional support. We do this in lots of different ways.

- Early years education that helps babies and toddlers learn and grow.
- Protection from neglect and abuse, and help so that children can overcome past experiences.
- Foster, adoption and residential services that provide safe, loving family homes.
- Support for disabled young people, which builds confidence and independence.
- Tackling mental health issues in children and young people.
- Positive conversations about mental health, including the Lucid Wealth program, our emotional well-being course for teenagers.
- Giving young carers a break, so they can enjoy just being a child.
- Employability and life skills programmes that prepare young people for their life as adults.
- Campaigning so the voices of children and young people are heard.
- Provide for critically ill children especially cancer affected children.

## OUR IMPACT

---

Right now, Lucid Wealth Capital is helping the most vulnerable children across the Globe, We work to change the lives of vulnerable children starting at an early age. We've been doing this for about 3years. We've learnt a lot in this time - gathering experience and expertise that we use every day in more than 475 local services, in schools, and online. We make a real difference by doing what's proven to work, and by coming up with new solutions. Last year, we reached 387,000 children, young people and families across the globe.

We make sure children get the best start in life. Our foster, adoption and modern residential services find children a loving home. We protect those who have been abused or neglected, and help children who care for others or find themselves homeless. Projects like the Lucid Wealth Programme give young people the tools to look after their mental and emotional well-being.

We make an impact in so many ways. Here's some of the ways we helped children, young people and families last year:

# OUR IMPACT

---

## 13,500

The number of children we supported through nurseries, out-of-school clubs, children's centres, family centres and playgroups. That's parenting programmes, ante-natal support and breastfeeding advice; drop-in groups. Plus specialised help to address or prevent problems that may arise in the first years of a child's life.

## 8,000

The number of children and young people we helped to find a stable and loving home. We've protected them from domestic violence, self-harm and suicide; built warm and supportive relationships with parents and careers; and helped them develop social skills and friendships. We've kept families together, or made sure children are cared for through fostering and adoption.

## 11,000

The number of children we've helped to improve their mental health in 2017/18. We've given support to young people who care for a family member, helped build practical life skills and friendships, turned around the lives of those who have committed a crime. Seventy-seven per cent of young people who took part in our Lucid Wealth Capital Program showed an improvement in their mental health and well-being. We've also provided medical support to critically ill children suffering from cancer, heart problems and other severe ailments, we provide these kids with the best medical attention ranging from medical surgeries, to drug procurement and provision of essential needs..

# WHERE YOUR MONEY GOES

---

In 2018/19, your donations helped us reach more than 387,000 children, young people and families across the globe

Money raised by our incredible supporters – people like you – means we can protect and support more vulnerable and less privileged children

For every \$1 we spend, it goes directly towards helping children, young people and their families, and – with rising levels of poverty, abuse and neglect – this is vital.

We step in early to stop abuse and neglect, find loving foster and adoptive homes, support young carers, and help young people out of trouble and into education and employment.

# BITCOIN MINING

---

Lucid Wealth Capital are heavily invested in Bitcoin mining and doing it via BMN (Blockstream Mining Note).

BMN allows mining from its enterprise-grade mining operations in USA and Canada, Disclosure- Since our first year on BMN, each of Lucid Wealth Capital BMNs have averaged 0.1 BTC per day.

BUT, Any type of investment has their risks. Lucid Wealth Capital personally trust Blockstream as:-

They have listed their BMN on @bitfinex 's security platform

-Founders of liquid network.

-7 tranches already issued

We have chosen the path of following the enigmas of innovations in Crypto.

## FOREX

Lucid Wealth Capital represents a world-renowned CFD broker regulated by high trust FCA (US Financial Conduct Authority), CySEC, FSC, and DFSA. With more than 2 million accounts, a minimum deposit of \$100 and excellent support, We have experts trading on assets such as forex, stocks, commodities, ETFs.

## REAL ESTATE

We work with some of the largest developers & exclusive property portfolios, According to a 2016 Gallup, real estate was rated the best long-term investment – well ahead of gold, stocks and mutual funds, savings accounts/CDs and bonds.

# Bitcoin Investment/Cloud Mining Pool & It's Benefits

Bitcoin mining is essential to release new BTC in the market. Mining is the only way new bitcoins can be generated — the very first bitcoins created by the founder of bitcoins "Satoshi Nakamoto". Without miners, bitcoins would still exist and used. Every bitcoin comes in the circulation only because of miners. And there will come a time when mining will end. As per the protocol, there will be a finite amount of bitcoins, and the magic number will be 21 million.

How can anyone maximise the chances of mining before anyone else does? Whoever wants to do mining needs to have faster mining rig, or you have to join the Lucid Wealth Capital mining pool or a group of miners where they combine the mining powers and split the mined bitcoins.

Despite mining, you can earn bitcoins for confirming the transaction at the blockchain. We know that there is the only way to generate new bitcoins is through mining. But chances are minimal for an individual to find the next solution to puzzle. And difficulty going up makes it worse, and miner may never recover their investments. Right now, mining is at the place where we cannot afford to do in person. The best way to do bitcoin mining is mining pools. Third parties operate cloud mining pools. By doing together, miners will get a steady flow of bitcoins starting the day of the activation of their plan.

If you want to start bitcoin mining, then the answer right now is to join our bitcoin mining pool and get the most profit. The main benefit of bitcoin mining cloud is you don't have to manage any hardware or software yourself. You only have to join the bitcoin cloud mining pool, and you will be assigned mining power with you can start your mining at your home.

There are some other ways without bitcoin mining such as buy BTC at an exchange, but it is a bit costly. You can also try trading with Cryptocurrency. But the easiest and secure way right now for brings is to join cloud mining pools.

Lucid Wealth Capital operate using highly developed, time tested strategies on all markets entries securing investor funds at all times.

The company Lucid Wealth Capital is one of the best investments company and the company is also regulated by the registrar of companies USA therefore all investors funds are ensured.

Ethical and sustainable investing isn't just a part of what we do, it's everything we do. Join now and make a difference.
